RE: Emergency Test Change Notification

Dear Valued Client:

In our continuing effort to provide you with the highest quality toxicology laboratory services available, we have compiled the enclosed packet of important information regarding a number of tests we perform. Listed below are the types of changes included in this packet.

Category	Type of Change
-----------------	-----------------------

- | | |
|----|-------------------------------------|
| I. | Tests that have had a method change |
|----|-------------------------------------|

Please be advised that this is an emergent change due to a reagent/kit discontinuation by our supplier. These changes will go into effect on May 19, 2005. Please use this packet of information to update your computer systems/records. The updating of these changes is important to ensure standardization of our mutual laboratory databases.

We apologize for any inconvenience this may cause. If you have any questions about the information contained in this packet, please call our Client Support Department at (866) 522-2206. Thank you for your continued support of National Medical Services and your assistance in implementing these changes.

Sincerely,

National Medical Services, Inc.

Changes effective:
